Read this testimony from Texas Baptist Ministers (TBM), one of the first ministries transformed by God through the Experiencing God

Bible study:

*"In 1990, the Southern Baptist Sunday School Board published an interactive workbook by Henry Blackaby and Claude King titled Experiencing God: Knowing and Doing the Will of God. "Before, were program-driven. But when Experiencing God came in and we began responding to God's invitations, our ministries began to expand right and left," TBM Executive Director Leo Smith said. "It shaped us and made up what we are today."*

*"Blackaby had just become director of missions for a Baptist association in Vancouver, British Columbia, when TBM leaders first heard about him. Before joining the associational staff, he reportedly had been pastor of a church there that was dying when he arrived but experienced revival and birthed multiple mission congregations after he led members to "join God where he is at work." Since Blackaby's experience dovetailed with the TBM emphasis on lay renewal, the mission organization invited him to speak at the 1987 TBM Convention in Fort Worth. There, he presented in an early form the basic elements of what he later called "the seven realities" of Experiencing God: "*

- God is always at work around us.
- God pursues a continuing love relationship with us that is real and personal.
- God invites us to join him in his work.
- God speaks by the Holy Spirit through the Bible, prayer, circumstances and the church to reveal himself, his purposes and his ways.
- God's invitation for us to work with him always leads to a crisis of belief that requires faith and action.
- We must make major adjustments in our lives to join God in what he is doing.
- We come to know God by experience as we obey him and he accomplishes his work through us.
