

What's a Cell Church?

Cell groups aren't simply another name for a Bible study, or Sunday School class. They are a group of Christian believers who have banded together for a season in life to reach the lost, minister to the hurting and each other, and discover their leadership potential. Sure, cell groups study the Word, but they do so in order to live out what they read and use it effectively to penetrate a dark world with the light of Jesus. A "Cell Church" is a group of Cells that share a vision to fulfill a common mission.

Frontier Fellowship is a Cell Church in St. Paul, Minnesota, with a vision for the world and a goal of reaching souls with the Gospel. We meet in homes throughout the Twin Cities area of Minneapolis/St. Paul, and gather monthly for worship and celebration. We call these times of corporate worship, "First Sunday Celebrations." We also meet corporately on Third Sunday, and in homes and other locations on other Sundays and throughout the week.

The vision for First Sunday Celebrations is to gather every tribe, tongue, nation and people around the throne of God to worship Him and to hear what the Holy Spirit is saying to the churches in our region.
